GLOBAL IMAGEWORKS TRIBUTE TO 9/11

As we mark the 8th anniversary of September 11, Global ImageWorks recognizes the many who lost their lives and the families who were touched by this tragedy. We also remember the filmmakers, many of whom risked their lives to document this moment in our collective history.

As we continue in our vow to 'never forget,' many of the filmmakers from the Global ImageWorks 9/11 collection are having their work featured at the "Tribute World Trade Center Visitor's Center." Global ImageWorks 9/11 footage has also been featured in almost every 9/11 documentary or series including

"102 Minutes that Changed America," "Inside 9/11," "Fallen Man," "Hotel Ground Zero" among others.
