

# Clips & Footage Newsreel

May 2012

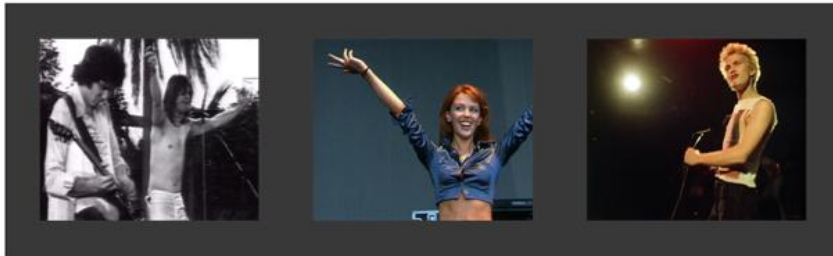

## SILVER JUBILEE 1977

On the face of it this film is a beautifully shot colour record of a day when Britain threw parties in the street to celebrate the 25<sup>th</sup> anniversary of the Queen's accession to the throne. What is also subtly revealed is the shift to modern multicultural Britain as black, Asian and white families come together at this inner city street celebration. Here at Clips & Footage we really treasure these visual documents which gently record changes in the social structure of Britain.

## CULTURAL FANTASISTS

For some time now we have been working with the hugely respected Jennie Macfie and her collection of music films known as Cultural Fantasists. As Jennie is now Chair of Pan which promotes Scottish highlands and islands culture, Clips & Footage is handling all footage sales on her behalf. Bands covered in this wonderful collection include Black Sabbath, Public Enemy, Sex Pistols, The Clash, Hawkwind, Jah Wobble, Thin Lizzy, Sam and Dave plus festival footage with performances from bands as diverse as Tricky and Kylie Minogue. The Cultural Fantasists' material brilliantly complements both our large and small music-related collections.

## GINNY HARROLD

We are delighted to introduce our new Library Manager, Ginette Harrold. Ginny began her archive film career assisting Stanley Forman at the ETV film library and followed that up with eight years at Film Images working on the COI Footage File and acquiring other collections. Most recently Ginny has been working on projects at the Wellcome Trust Moving Image and Sound Collections. We are thrilled to have someone of Ginny's experience and reputation working with us.
