

**London, 18 October 2017** - [Science Photo Library](#) (SPL) is delighted to introduce Nan Halperin as Business Development Manager for North America.

Nan brings a breadth of knowledge and over 10 years of experience in content licensing for all sectors. She has an excellent understanding of clients' needs and will provide personal attention as well as tailored solutions to meet clients' specific needs.

Nan will focus on building strong relationships across North America and is looking forward to working with new clients to introduce them to SPL's unique content.
