

## **Alan Pateman Collection now with Huntley Film Archives.**

Uncovered in this wonderful collection so far are a number of films from the Scottish Border Counties including the workers of Denton Holme Factory in 1911, the Robinson Store Carlisle in July 1925 when the staff take their annual outing to Ullswater and Patterdale and a Fashion Show by the Store in April 1926. Other Border films include Hawick Common Riding in 1914, 1923 and 1928, the visit of Tank Julian in Kelso 1918 to help raise money for the 1st World War by promoting the issue of 'War Bonds' and the homecoming welcome to Hawick troops.

Then on to the place 'where Dreams come True' and a lovely 1920s promotional film for the Isle of Man with scenes of Port Erin and Douglas harbour and a story with a traditional Manx wedding and customs. The only time I've seen a Wedding Cake being broken over the bride's head for luck!
